

À quoi Vincent dépensait-il son argent ?

Calculez de gauche à droite et de haut en bas. Au-dessous et à côté de chaque ligne, vous trouvez le total des sommes. Le montant pour la peinture y figure déjà: 5 francs français. En règle générale, en effet, Vincent commandait sa peinture par l'intermédiaire de son frère Theo. Et celui-ci payait immédiatement la facture. Vincent ne dépensait donc pas une fortune en peinture!
